Second.-Pick over the fruit carefully, toking only the sound and rejecting the decayed and wormy ones.

lection, unless they require additional ripening for a few days, to get their juice or must in its highest state of development.

Fourth.-Preserve the most serupulous neatness in every part of the work, from beginning to end. As to the eider mill, we do not care much what the character or description is, so that it thoroughly crush the apple. seeds and all, if possible. It should not be made a pulp, reduced by a grater, but given such a crushing as will permit every drop of juice to be expressed by the serew, when laid into the cheese. The small, patent mill, of various names is getting into common use for such as make but tew barrels or gallons, | clor, care entirely the most painful headaches-and in and when the proper rules are regarded, answer a tolerable purpose; but where large quantities are made, a horse-power mill, of the nut or cog varieties, is better than either: the revolving stone, as in the old fashioned oil-mills and bark-grinding, is probably the best. When ground, let the pomace either fall into a vat large enough to hold the whole quantity proposed for a single pressing, and not be over two-thirds full; or if the pomace fall into another vessel, throw it into the vat in every twelve hours, that it may absorb the every lady's todet table. carbon of the atmosphere which fixes its acid,

The press may be of the old-fashioned J. C. BINGHAM agent for St. Johnsbury and vicinity. The Great Central Active Principle of the Tulu Analysis kind, the pomace laid up with straw : but as that is rather a dirty way, or rathe: , not so easily kept clean in the operation, we prefer the slatted or curb box, with a haircloth wrapped on the sides and top. The pomace should be thrown in as rapidly as it will bear, and the screw not applied until the first or voluntary flow of eider nearly ceases to run. It should then be turned gently and continuously for an entire day or more, according to the size of the cheese in the curb. The tub into which the cider runs should be SIDE HILL PLOWS emptied as often as it is filled. The strainer through which the cider passes into the barrel, should be so close in texture as not to Railroad Street, - - St. Johnsbury. admit the pulpy particles of the pomace to pass through, as they are injurious to the working of the cider after barreling, and reten the acctous fermentation. As soon as MILLINERY & DRESS GOODS, the barrels are filled. ten the acctous fermentation. As soon as the barrers are filled place them in a cool position, under shelter, that the cider may undergo its first vinous and purifying fermentation, which will usually commence within twenty-form hours. Example 1. The shadow of the purifying fermentation, which will usually commence within the barrers are filled place them in a cool position, under shelter, that the cider may undergo its first vinous and purifying fermentation, which will usually commence within the barrers of the purifying fermentation, which will usually commence within the barrers of the public general place. The public plants of St. Johnsbury and the public general place in the public gener twenty-four hours. For this remove the cially, that we have now on hand the largest and bung, and as the froth or impure sedimenta- GOODS, ever offered. ry rises and passes out, keep the barrel well filled with the sweet, raw juice-or with water, if that is all disposed of-until the working be done. Then bung the barrel tight, of all kinds, all of which will be offered for Lowbore the smallest gimlet hale by its side, and LST POSSIBLE PRICE, for cash. leave it open and your cider is made for the winter. Remove the barrels to the cellar when the frost approaches, where they may lie bung side up, and if no hiss of fermentation can be heard through the gimlet hole, even that little vent may be plugged till time and shall hereafter keep, Downer's Kerosene Oil, for racking off, and bottling, if desirable in which is the best made, Inquire for Downer's for racking off, and bottling, if desirable, in you will find it at the spring .- N. "USE THE BEST!"

MRS. WILSON'S HAIR REGENERATOR.

The Regenerator is put up in two sizes, and quart bottles. The quart bottles are much the or eash down.

Who wants a Good Head of Hair? Use Mrs. Wilson's Hair Regenerator and

Please read a few certificates from the following reliable and well known people. Messas, Hexay P. Wilson & Co.-My wife is now using your Regenerator for the hair, and pronounces it far superior to anything she ever used for the hair. It is easily applied, does not soil in the least—has no disagreeable odor, increases the growth of hair, prevents it falling off, and often cures the headache. I forward you this certificate unsolicited, because I think an article that will do what your Hair Regenerator will, should be wilely known. I think it is the best article for the hair

now in use. Respectfully, &c., REV. JACOB STEVENS, Newburyport, Ms. "I like the Hair Regenerator and Dressing very and at as low cash prices as they can be had else-nich." Rev. Gao. W. Wooding, Hartford, Ct. where. "I unhesitatingly pronounce it an invaluable article from the effect on my own head'

"It rendered my hair soft and glessy" MINOT FARRAR, Saratoga Springs, N. Y. First, let the apples be ripe, as for eating "I feel confident that it operates sor as a dye, but to restore the roots to their natural healthy state." REV. E. M. KELLOG, Nashua, N. H.

"I most cheerfully recommend it to all persons."

REV. C. RUSSELL, Lattleton, N. H. Messas, Henry P. Wilson & Co : I have no hesitancy Third.—Grind them immediately after se-ection, unless they require additional rinea-tor and Hair Bressing are the best hair preparations now in use. I shall continue to use them with pleasure. REV. H. H. HARTWELL, Lawrence, Mass.

Messes. Havry P. Wilson & Co.: I have used your Hair Regenerator and Hair Dressing, and have received great benefit from them. I deem the articles worthy of high commendation, and cheerfully recommend them to all who want to restore gray hair to its original color, or to any who are troubled with dandruff, or a disagreeable itching of the head, or humors, or to those whose hair is

falling from the head. Ray, G. W. H. CLARK, Great Falls, N. H. MK-SRS, HESRY P. WILSON & Co : I deem Mrs. Wilcon's Hair Regenerator and Hair Dressing the standard articles of all hair preparations. I have, in many instances, known them to restore the hair where it had fallen off, remove dandruff, restore the hair to its original some instances most serious humors Personally, I have been a sharer in several of these benefits. Ray. HENKY HILL, Manchester, N. H.

MRS. WILSON'S COCOA-NUT OIL HAIR DRESSING.

Mrs. Wilson's Hair Dressing is put up in large bottles, HUNNEWELL'S JUSTLY CELEBRATED as fast as necessary. The use of this large and retails for 37 cts. per bottle, and for dressing the vat is to hold the pomace for at least forty- hair of any person, young or old, there is not its equal in eight hours-sixty, or even eighty hours is the world. It will make the hale everything you wish it none too much, if the weather be quite cool to be, and moreover, it has a perfume that is infinitely -when it is to be thoroughly turned over superior to any of the fashionable extracts, either foreign with a large wounder shovel, as often as once or American, which alone chould entitle it to a place on

Use the Regener for before retiring at night, and sweetens, ripens, strengthens and colors it—

sprains, swellings, &c, and other diseases.

This Limment should be liberally applied to the parts affected three or four times a day, and even more four times a day, and even more irequently in severe cases, and rub well with the hand, so that more or less irritation is produced in the parts to which it is applied; in some cases irriction will not be necessary but cloths saturated with the Limment, and laid upon the part affected. Scalds and Burnt—When applied framediately a blister is always prevented. It removes the fire speedily, and the patient is surprised at the short time which clapses before the wound is healed. Cloths should be kept wet with the Limment, and hald on the burn.

This Limment was only intended as an external remetate, pursuant to the provisions of the statute in that is half.
